KOEHL COOLING KITS

GAZEBO, PICNIC SHELTER, CONCERTS, ANIMAL SHELTER, CAR COVER, OUTDOOR KITCHEN

DESIGN

The same robust design you rely on from our on site storage is now available for personal use.

Koehl's Cooling Kit includes a weather resistant roof with various eave options, one ring of corrugation for wind protection or graphic applications, heavy-duty wind ring, galvanized stiffeners and safety rated hardware.

SALES

Koehl's Cooling Kit is available in the following sizes:

- ☐ 15' Radius
- ☐ 24' Radius
- ☐ 30' Radius

Other sizes available upon request.

Add-ons & Accessories:

- ☐ Full Color Coat
- ☐ Coated Stiffeners
- ☐ Roof Exhaust Vents
- ☐ Fire Pit Relief
- ☐ Plasma-cut Signage
- ☐ Railing
- ☐ Lighting

CONSTRUCTION

Koehl's Cooling Kit can be constructed with our easy-to-follow installation manual or Koehl Bros can do the work for you!

Concrete requirements, staging and step-by-step construction are included with the installation manual for this day build project.

SERVICE

Minimal general maintenance is required for this unit. General cleaning and sweeping of the area will suffice.

Koehl's Service Team will be glad to join you on site to audit the cooling station and enjoy a cool drink in the shade.

PARTS

All parts are shipped with clear markings and defined in the instruction manual. The corrugated steel ring adds weather protection and prime placement for environmental graphics. Brand your cooling station with your logo or family shield. Need help designing an emblem? We can help!
