# We are dedicated to growing the ag industry to better feed the world.

**DESIGN:** Koehl aims to find the best value for our customers. With that in mind, we deploy our versatile design team with decades of experience and the latest innovations. We execute 3-D layouts or basic renderings to fit your facility specifications. We exist for your satisfaction.

**SALES:** Our team is trained in equipment efficiencies, up-to-date on safety requirements and experienced enough to know where your dollar will garner the best value. Koehl partners with quality manufacturers to supply top of the line, proven equipment for turnkey facilities or upgrades.

**CONSTRUCTION:** We are committed to safety, quality and on-time completion. NCCCO certified, Koehl owns and maintains the necessary equipment to get the job done right. Have a unique build? Our dedicated fabrication team can customize the solution.

**SERVICE:** Koehl is committed to serving you after the sale. Our service teams are locked and loaded with an appetite for tower dryers, manlifts, safety upgrades and seasonal service. They are certified, trained, warrantied (where available) and backed by a fully stocked parts department.

**PARTS:** We pledge to stock a fully functional, diverse parts inventory. You need it, we got it. Pick it up, we'll ship or deliver- whatever you need.

**Safety:** We have researched, piloted and defined our safety engagement and improvement process. Our team is in a continuous state of advancement planning. We have incorporated safety best practices that include:

- safety audits
- training
- root cause and counter measure
- near miss and strict disciplinary policy

**Speed:** We understand your deadline and budget. On-time, project planning and complete delivery is our foundation for success. Our entire team is committed to keeping time line projections in check. We have built a squad of industry allies that share in our commitment. Together, we design, plan and install the best integrated solution to achieve your system requirements.

**Space:** Space means a lot to the team at Koehl. It's success waiting to happen. For our customers, it's opportunity to grow and maximize production. For us, it means higher inventories and equipment upgrades. We maximize space.

# To what capacity can we serve you?
